3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Mr. Haddock:

RE: Partial Approval for Overland Conveyor Construction

As requested in your approval letter, Utah Fuel Co. commits to include in the Field Testing of Reclamation Techniques (contemporaneous reclamation) of the graded "spoil muck" which will remain on the conveyor bench area and also commit to covering this spoil with suitable growth medium if the evidence gathered during the Field Testing proves that the spoil is not a suitable growth medium.

Sincerely,

Ken May
Mine Service Manager
